Avast does lack a live support chat. This is not to take anything away from Avast, but do take the reviews with a pinch of salt, as they may be for a different version of the software compared to the one you will download.. Take it from us when we say that Avast is a good looking, effective and efficient piece of software, that will keep you virus free for years and years to come.. It has been a bumpy ride for the Czech company but now they are dominating Just recently, Avast bought antivirus giant AVG for \$1.

Which is pretty impressive, must mean they have some good software available! Value Avast almost seem to push the free version of their antivirus software more than the premium.. Which is great news for you the customer, but does make those awards and reviews outdated.. The premium version of Avast will cost you £49 99 for one PC, for one year The difference between free and premium? The premium will go beyond your device and protect the whole network.
